

Universal Breakfast Program will be instituted in all schools with greater than 50% free/reduced.

Staff Wellness – The Gloucester Public Schools highly values the health and wellbeing of every staff member and will plan and implement activities and policies that support personal efforts by staff to maintain a healthy lifestyle. The district will collaborate with Get Fit Gloucester and Gloucester Health Department to establish a wellness committee. The committee should develop, promote and oversee a multifaceted plan to promote staff health and wellness. The plan should be based on input solicited by School/City employees and based on local research data and should outline ways to encourage healthy eating, physical activity, and other elements of a healthy lifestyle among school staff. The staff wellness committee should distribute its plan to the school health council annually.
